SUMMARY

I am a 21-year-old backend developer with a remarkable six years of coding experience. My journey includes three years dedicated to competitive programming and three years immersed in full-stack web development, highlighting my versatile skill set and commitment to the field.

EXPERIENCE

IT System Administrator

Mondaa Group PTY LTD   📅 Date period   📍 Location

- Over the past two years, I honed my skills at Mondaa Group, where I spearheaded the development and maintenance of comprehensive mobile applications and websites. This encompassed front-end and back-end development, server management, and more, demonstrating my proficiency in full-stack development.

Backend Developer

United Alliance LLC   📅 01/2022 - 01/2021   📍 Location

- Ulaanbaatar, Mongolia
- UPoint, Mongolia's premier point system, boasts an expansive network featuring over 60 esteemed alliance companies. With a substantial client base of 1,400 and an impressive user count exceeding one million, it stands as a formidable force in the industry.
- In my capacity as a MERN Developer, I had the opportunity to enhance my proficiency in both backend and frontend development using the JavaScript programming language.

System Specialist

Woovoo Technology LLC   📅 01/2020 - 01/2020   📍 Location

- During my tenure in this role, I acquired a solid grasp of the Python programming language, server management, and PostgreSQL database systems.

EDUCATION

Bachelor of Computer Science

National University of Mongolia   📅 2019 - 2023

ACHIEVEMENTS

✔ **the International Zhautykov Olympiad (IZhO)**
I had the privilege of being one of just four students selected to represent Mongolia in the International Zhautykov Olympiad (IZhO) in 2019.

💎 **Other Olympiads in Mongolia**
I proudly earned two Gold medals, three Silver medals, and multiple Bronze medals across various olympiads from 2017 to 2020, showcasing my consistent excellence in competitive academic challenges.
